

LCC Hosts 5th International Conference on Multidisciplinary Research: Developing Collaboration and Building Network for Globalized Multidisciplinary Research

The Research Office has once again made another mark this academic year as it hosts the 5th International Conference on Multidisciplinary Research, a conference held every two years.

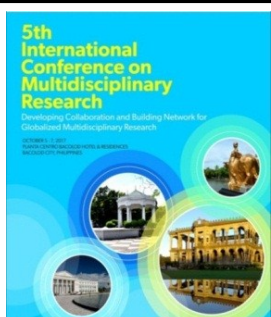

The 3-day conference held on October 5th-7th, 2017 at Planta Centro Bacolod Hotels & Residences.

Led by the Conference Director, Mr. Ismael Haguisan III; Head of the Research office, Mrs. Carmen Menes, and with the assistance of the Research Team, successfully organized the conference that earned a lot of positive remarks from the guests. The first day started with a welcome remarks given by Sr. Gavina F. Barrera on behalf of the host school and Hon. Mayor Evelio R. Leonardia on behalf of the host city. The three day research conference was attended by researchers from different academic institutions here and abroad. Among the international guests were researchers from Japan, Vietnam and Indonesia. In a span of three days, more than a hundred papers were presented during the conference.

Notable guests were Dr. Jonel Saludes a balik scientist awardee and Dr. Genaro V. Japos, President and one of the founders of Philippine Association of Institutions for Research who were also the plenary speakers, which also included Dr. Anik Yuesti of Universitas Mahasaraswati Denpasar from Bali, Indonesia, together with Atty. Liz Julianti and Dr. Eka Martiningsih.

The aforementioned speakers/presenters also helped in organizing, welcoming and serving the guests.

In the evening of October 5th, The SHTM students were able to showcase their skills and talents through songs and dances capped by the Parade of Nations, the highlight of the evening participated by the BSTM second-year students; in their elegant national costumes.

RESEARCH COLLOQUIUMS

The Research Office also initiated a series of colloquiums participated by a panel of reactors from various universities and the host institution, LCC-B. One of the first colloquiums in 2017 was held at the College Audio Visual Room on September 8, 2017. The events highlighted the presentation of research proposals followed by the presentation of research papers.

The second leg of the colloquium took place last November 11, 2017 were invited jury-cum-researchers scrutinized the papers of the presenters who also met international standards. The presenters from the MBA Program include: Alvarez Esther, Causapin Marivic and MS Architecture Program include: Centeno Jo, Matus, Nick, Ramos, Stephen, Cabalatangan Jayniel, Dolorfo Carlo, Diaz Marco, Dinas Renan, Atienza John Michael, Loza Joanne, Verde Demie, Marba Namika, Hinolan Nerrimae Anne, Monte Jico, Peñalosa Michael Andrew, Glarino Dominic and Duderio Stephen. They made the paper of the presenters met the international quality standard.

Grammarly and Consultations

BS Architecture Student doing Grammarly Test

Grammarly is an online platform used by researchers for correct grammar and usage in English. Most of the clients of this program are from graduate school, college and the ripples (student's official publication). The schedule of Grammarly in the research office is from 8:00 in the morning until 5:30 in the afternoon.

After the paper has undergone plagiarism test, researchers are given evaluation sheet to assess the Grammarly and likewise services of the office; This evaluation helps in improving the quality of services it offers to the community. They are given a certification after the completion of plagiarism test

Thesis consultation is one way for the institution to help its students motivate and develop their skills as researchers and to enhance their writing skills to produce high-quality thesis papers. The Research Office is open from 8:00 till 5:30 in the afternoon for consultation depending on the availability of the thesis consultants and the clientele's schedule of appointment.

Elsevier and Mendeley

Mendeley is a social reference management tool developed by Elsevier. It is one way of sharing online researches worldwide. It helps researchers find suitable references for their study. It makes the life of a researcher quite easier because it shows citations and the bibliographies related to one's study. It gives the researcher an opportunity to extract metadata automatically from PDF papers. It also allows a researcher to choose a citation style depending on their specification.

Official Logo of Mendeley

In line with these, La Consolacion College Bacolod conducted a successful seminar-workshop on how to use Mendeley. The workshop was conducted among students of the School of Architecture, Fine Arts and Interior Design. Followed by the Psychology students last November 27, 2017, at the College Audio Visual Room of LCC Bacolod.

The School of Hospitality and Tourism Management students also engaged in the same seminar-workshop at the Exhibit Hall, last December 14, 2017.

Enhancement Training at LCC Bais

Bais City is in the Second District of Negros Oriental and a third class city in Negros Oriental. Beautiful bays, beaches and even underwater attractions are highly sought by tourists. The city is called Bais because there are two bays that can be found in the city. It is also well known for the whale watching in South Bais Bay.

These are the reasons why research is highly enriched in the community and in schools respectively. To study for the improvement of their society and the people around. research is very important in their everyday lives. By enhancing their skills and enriching their minds in research, they are transforming their community into an advanced city through conducting researches. This is one way to show their love for their community.

La Consolacion College Bacolod extended its help to its sister school La Consolacion College Bais by conducting a successful and productive training for its employees and students regarding research. The talk focused on enhancing faculty/personnel research skills with the theme "Research Orientation and Enhancing training ". It was facilitated by Dr. Carmen C. Menes and Mr. Ismael Haguisan III.

Research Consciousness Week 2018

Research Consciousness Week 2018 was successfully organized last February 26, 2018, which lasted until March 2, 2018. Mega quiz bee, poster exhibit & presentation, and the oral research competition as well as the seminar on qualitative and quantitative research, and Research technologies are just a few of its activity. It was spearheaded by the Research Office of La Consolacion College Bacolod. The specific events mentioned above was participated by the four college departments and the senior high school department.

For the Mega Quiz Bee each department sent out two pairs, but there was one pair who added on the list of the participants from the School of Sciences Liberal Arts and Education considered as a guest participant and clinched the top spot with the highest score in the said Event. First runner-up came from the School of Sciences Liberal Arts and Teacher Education, second runner-up was earned by School of Hospitality and Tourism Management and the third runner-up from the School of Business and Information Technology. For the Oral Presentation, this was participated by four departments from the college, but only three departments were able to present on the day of the event. Declared champion came from the School of Architecture, Fine Arts and Interior Design with a research title of "Camp Patag: An Outdoor Campground and Training Center." Second Place from the School of Business and Information Technology with a research title of "Job Order Personnel Contract Engagement in Local Government Unit," and the third place was earned by the School of Hospitality and Tourism Management with a title "Experiences of an Event Organizer." In the poster presentation, adjudged champion came from the School of Architecture, Fine Arts, and Interior Design, second place was won by the School of Hospitality and Tourism Management, 3rd place went to the two departments, the School of Hospitality and Tourism Management and the School of Sciences, Liberal Arts and Teacher Education. The week long event ended with the "Harvest of Excellence," an annual recognition for personnel who did research.
