## Profile of Graduates

The collected parameters to illustrate the respondent's profile have been classified into the number of respondents per year per program and the enrollment status.

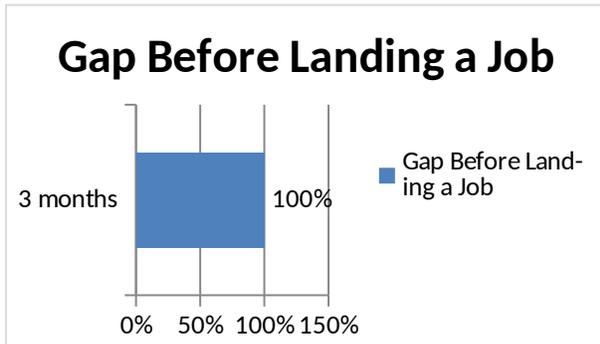

The graph presents the total percentage of surveys gathered from the given sample size of students per program/per year. There are 7 BSC graduates from 2012-2014, and the actual sample required is 1 respondent. The total percentage of surveys gathered from the Bachelor of Science in Commerce program is 100%.

## Type of Participants

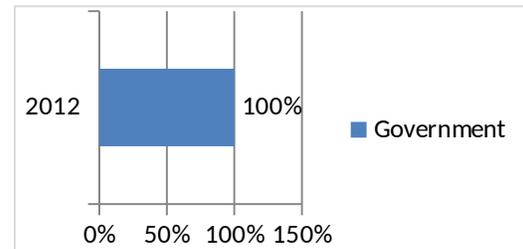

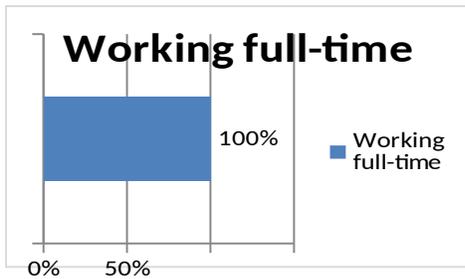

The data presents that (100%) availed scholarship in LCCB from 2008-2012 through the ASOLC Relative assistance program.

## Job Acquisition

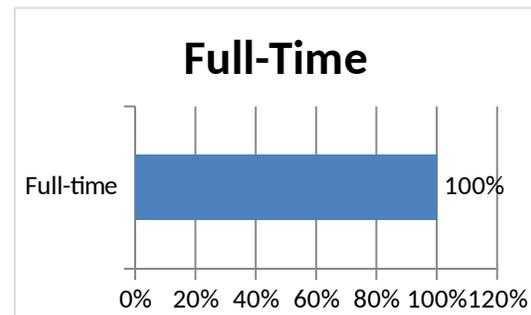

The data revealed that 100% of the BSC graduate found a job within 3 months after graduation. The respondent has enrolled in the LCCB's TWSP Finishing course for Call Center Agents-NCII program and has applied in BPO industries here in Bacolod before finding an actual job. The graduates of Bachelor of Science in Commerce from LCCB possess a familiarity of business operations, and are equipped with critical decision making skills for strategic and executive work necessary for competing in the ever-changing world of global business. With the given data above, we can then infer that our BSC graduates do not find it hard to acquire a job after graduation.

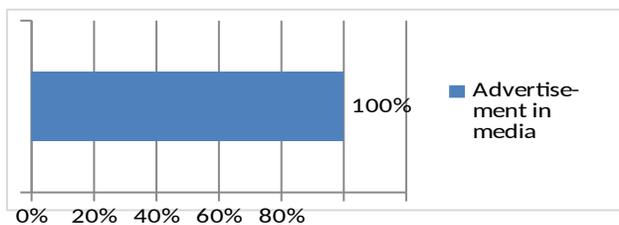

## Current Employment Job Status

## Types of Organization

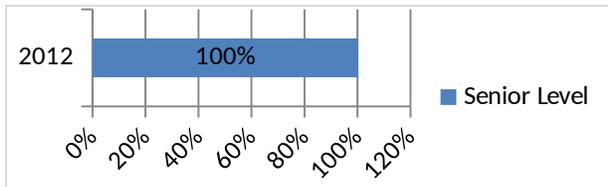

## Knowledge of Job Vacancy

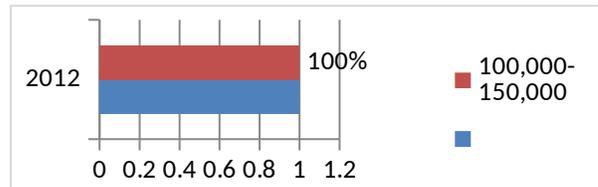

100% of the total number of respondents is currently employed and is working full-time in a private company in Makati City. It should be recognized that the respondent came to know about the current job availability **Through Friends**. The BSC graduates relied on the information and referral from classmates and friends in acquiring the initial job.

### Designation

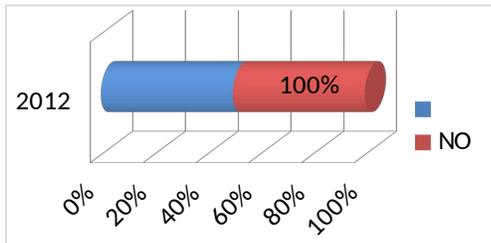

### Annual Income Range

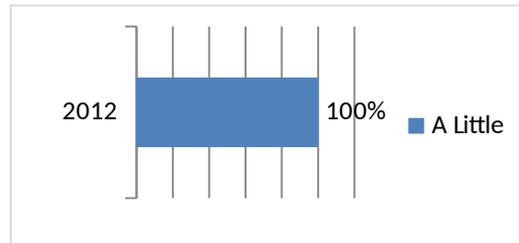

The data indicates that the job designation of the respondent per year is currently on **Operational Level**. The graph further presents that the respondent is currently earning an annual income rate of 150,000-200,000. It shows that the remuneration of the respondents increases as their length of stay and experience in the company progress as seen on the data above.

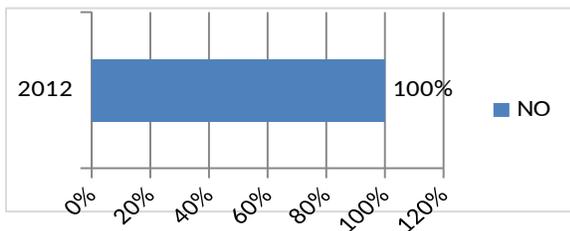

### Job Challenges

### Job Satisfaction

### Likelihood of staying on the Job

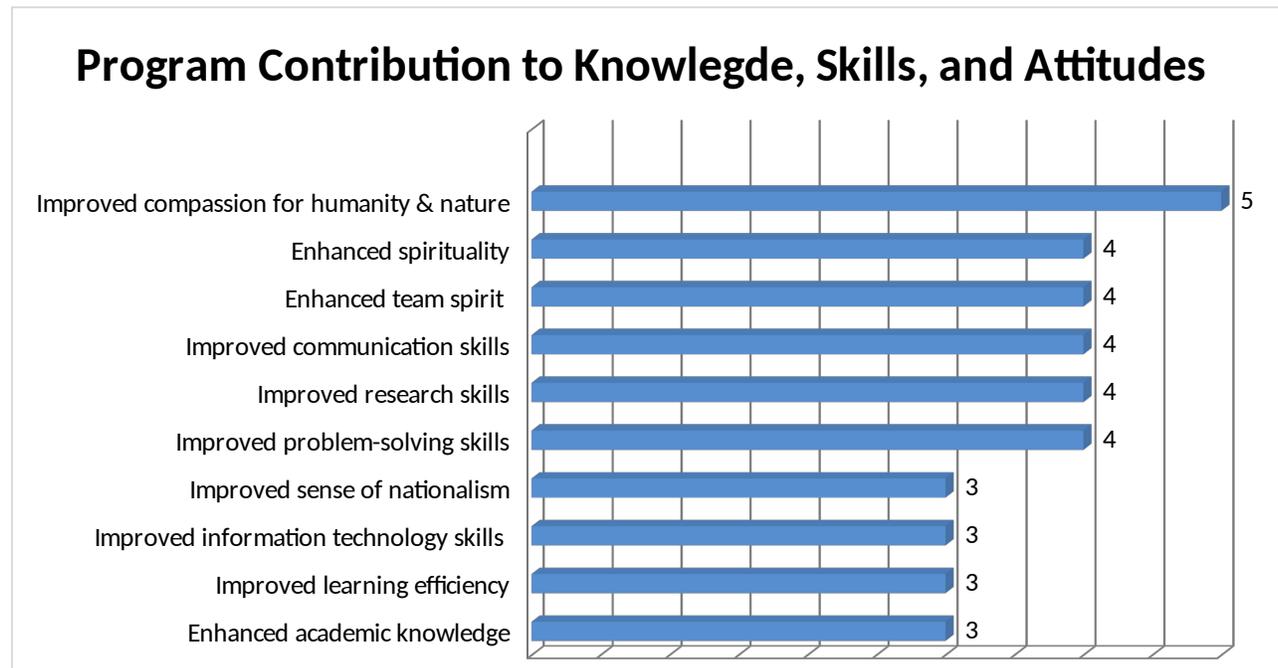

The graph on *Job Challenges* above shows that the respondent indicated that there are **NO** major problems that surface in the current job assignment. 100% of the Respondent even rated level of fulfillment on the current job is **Very Much** satisfied, in which 100% intends to stay in the same

job/profession. The respondent prominently expressed that in LCCB, “I was trained to be competitive and do the task with quality, Also my linguistic skills was well trained in call center training.”

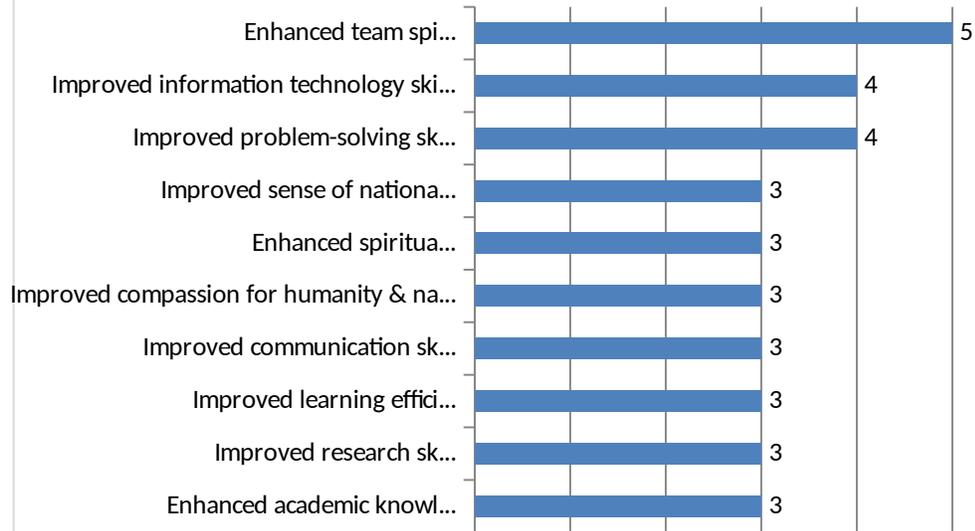

## Program Review

The graphs below establish the views of graduates regarding the study experience at LCCB in which supported their current employment and sought their assessments of the programs.

The Graduates were asked to rate the relevance of knowledge, skills and attitudes which enabled them the most in their professional careers. Overall, respondent believed that the *Improved compassion for humanity & nature* ranked first with a rate of 5 in giving BSC graduates competency in their fields, this falls in the high range in a scale of 1-5 with the verbal description **Excellent**. It can be interpreted that the respondent's consideration and empathy create a massive effect at work and when it comes to how they contend with the employers and the colleagues.

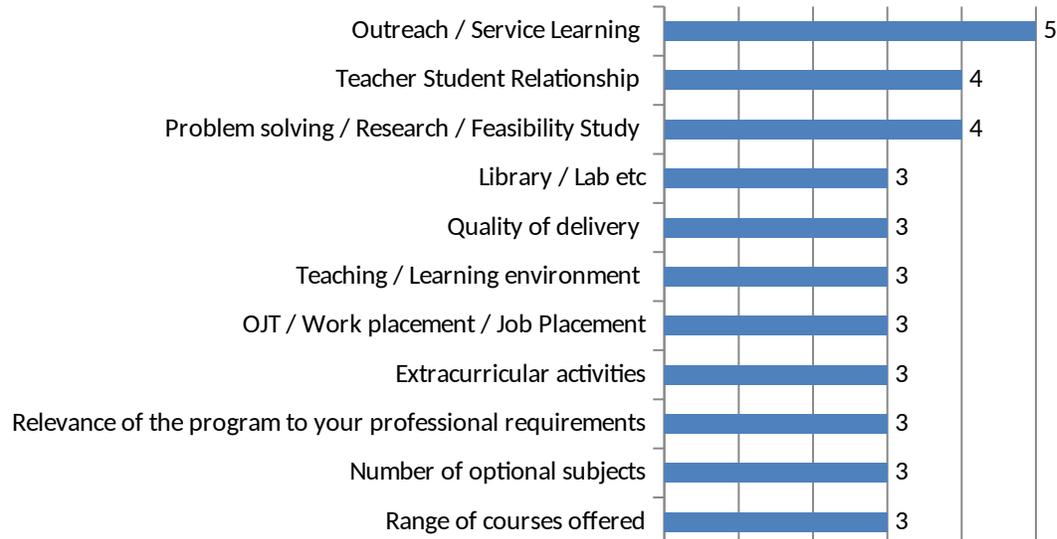

## Relevance of Education in Present Job

When asked to evaluate the relevance of the education/programs and how qualified they feel at work because of the knowledge attained at LCCB, respondents' gave a rate of 5 in *Enhanced Team Spirit* that falls in the high range in a scale of 1-5. The mean rating was assigned the verbal description of **Excellent**. It should be acknowledged that the graduates' beliefs and moral ethics have pronounced bearing at work because of the preparation acquired in LCCB.

The data suggests that in terms of the academic perceptions, BSC graduates were highly satisfied with the qualifications and skills obtained from LCCB.

## Strengths & Witnesses of the Program

The graph presents the major strengths and weaknesses of the institutional program that the respondents attended. A rate of 5 in *Outreach/Service Learning program* was given by the respondent. The result falls in the High range in a scale of 1-5 and was assigned the verbal description of **Excellent**. It was established that the Service learning program of the institution has contributed a lot in their totality while they were still in LCCB, and it has affected their bearing as dependable individuals.

We can conclude that 100% of the BSC respondents have received benefit from their study and has been satisfied with their education at LCCB.
